Privileges of Governors and Subscribers.

On the payment of £1,250 a Bed may be dedicated to the memory of any person nominated by the Donor.

Every Governor has the privilege of attending and voting at General Meetings, and of attending Meetings of the Board of Management.

Every Honorary Governor for life and every Governor ex-officio shall be entitled to recommend annually one In-patient and one Out-patient. Every other Governor for life shall be entitled to recommend annually one In-patient and one Out-patient for each amount of £25 contributed in one sum to the General Fund of the Hospital.

Subscribers can set their subscriptions or donations against the maintenance charges due from patients in whom they are interested and upon notifying the House Governor that, in their opinion, they are suitable for treatment at a Hospital.

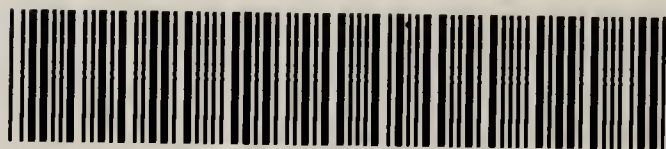

In-patients are required to pay a maintenance charge of £3 0s. 0d. a week and Out-patients are required to pay 2/- upon each attendance, unless they are members of a Contributory Scheme which undertakes to pay this.

Form of Bequest to the General Hospital, Birmingham.

Those disposed to contribute to the support of this Charity by WILL are requested to do so in the following manner, as from a defect in the form the Hospital may be deprived of the intended bequest.

I bequeath to the TREASURER, for the time being, of the GENERAL HOSPITAL, BIRMINGHAM, (whose receipt shall be an effectual discharge for the same) the sum of £ " " to be applied to the purpose of that Institution.

By the "Mortmain and Charitable Uses Act, 1891" (54 and 55 Vic., c. 73), land may be bequeathed to this Charity.

22501696545

A NNUAL subscribers may, by entering into an agreement to subscribe for a period of seven years, enable the Hospital to recover income tax on their subscriptions and can themselves deduct the amount of their subscriptions from their super tax return.

Full particulars and form of agreement will gladly be forwarded on application.

THE GENERAL HOSPITAL, BIRMINGHAM.

Founded 1776.

ONE HUNDRED AND FIFTY-FOURTH ANNUAL REPORT

AMALGAMATION WITH THE QUEEN'S HOSPITAL.

The Bill necessary for the amalgamation of the two Hospitals, approved by the Governors on February 2nd, is now before Parliament, and it is hoped that the Royal Assent will be obtained during the Summer.

PRESIDENCY.

The Board is very glad that Sir Charles Hyde, Bt., has consented to accept nomination as President for a second year. Holding the same office at the Queen's Hospital Sir Charles will thus be President of both Institutions when amalgamation becomes effective on January 1st next.

PERSONAL.

During the year Mr. H. Hughes has unfortunately felt compelled to resign from the Board owing to pressure of other work.

The Board has offered warm congratulations to Miss H. Bartleet upon her election to the Aldermanic Bench.

The Board also heartily congratulates Sir Martin Melvin upon the honour of a baronetcy conferred upon him. The Hospital is much indebted to Sir Martin for his services during the year as Chairman of the Buying Committee.

The death of Mr. Samuel Darlington is much regretted. He was responsible for the foundation of the Handsworth General Hospital League formed to re-open beds in 1921 which had been closed in view of the serious financial position of the Hospital at that time. During the eight years of the League's existence no less than £5,000 was collected for the Hospital.

HONORARY TREASURER.

The Board has to record, with very great regret, the death of Mr. Alfred H. Wiggin who had given very valuable service to the Hospital particularly as a Member of the Orchestral Committee responsible for the organization of the Triennial Musical Festivals and as Honorary Treasurer for twelve years.

The Hospital has been fortunate in obtaining the services of Mr. A. Davidson, Chairman of the Finance Committee, as Honorary Treasurer.

GENERAL WORK OF THE HOSPITAL.

During the year the Hospital has continued the development which has always been its characteristic. The work of the Radium Department has increased in amount and in importance, and has received the commendation of the National Radium Commission. There has been a great improvement, in particular, in results obtained from the treatment of cancer of the mouth and larynx.

The other special Clinics continue to attract increasing numbers.

The Diabetic Clinic has been able, in 2,000 cases, to turn the prospect of early fatality into comparatively healthy lives.

The Asthma Clinic is giving much relief to those suffering from a most distressing condition.

The demand upon the X-rays Department grows continuously (during 1933 23,913 radiographs were taken for 12,348 patients and 4,442 treatments given) with a consequent serious addition to cost. This expenditure is more than justified when it is realized that in several common diseases modern treatment demands the taking of X-rays films in place of a surgical operation or examination under anaesthetic.

An increasing number of cases of brain and nerve disease is treated by surgical methods, and the results are encouraging. The treatment is elaborate and costly, but is, again, an example of those demands upon our resources which must be met if at all possible.

CANCER RESEARCH.

For six years past practically the whole of the expense connected with treatment by radium here has been met by the Birmingham Branch of the British Empire Cancer Campaign Committee and during 1933 a grant of £1,000 has again been made.

The Board and the Medical Staff owe a great debt to the Birmingham Committee and cannot emphasize too strongly the importance and value of this Department. The results obtained in treatment continue to be most encouraging.

MEDICAL STAFF.

Further distinctions have been gained by members of the Medical Staff.

Dr. A. Douglas Heath and Dr. J. M. Smellie have been elected Fellows of the Royal College of Physicians.

Professor H. Beckwith Whitehouse has been appointed President of the 9th British Congress of Obstetrics and Gynaecology and has been made a Member of the National Radium Commission. He has also been elected Vice-President of the Section of Obstetrics and Gynaecology of the Royal Society of Medicine. In October last he accepted an invitation to address the American College of Surgeons in Chicago where he was made an Honorary Fellow of that College. Professor Whitehouse gave a broadcast in New York on the World's fight against cancer, and then visited Toronto and Cleveland, U.S.A.

Professor Seymour Barling has been elected President of the Association of Surgeons of Great Britain and Ireland, which Association is holding its Annual Meeting in Birmingham in May next. Professor Parsons has held the office of President of the Section of Diseases of Children of the Royal Society of Medicine.

Professors Barling and Parsons are to be congratulated on the important work upon Diseases of Infancy and Childhood which they have published during the year.

Mr. Musgrave Woodman has been elected for a second year President of the Section of Laryngology of the Royal Society of Medicine.

Dr. Henry Featherstone has been elected for a second year President of the Association of Anaesthetists of Great Britain and Ireland and also Vice-President of the Section of Anaesthetists of the Royal Society of Medicine.

Many other honours have fallen upon the Medical Staff during the past year and this appreciation of the high position held by the Staff of this Hospital is most gratifying to the Board of Management, as it must be to the Governors and the public generally.

DEEP X-RAYS THERAPY.

During the past two years the Medical Staff has constantly urged the necessity for the provision of a deep X-rays therapy apparatus for the treatment of certain forms of malignant disease; but the Board has felt unable to find the large capital sum required and the heavy cost of maintenance. The Chairman of the Board (Sir Herbert Austin) has been good enough to defray the cost of the apparatus and the special building required up to the sum of £3,000. Sir Herbert Austin's colleagues are extremely grateful to him for this further act of generosity on his part and for enabling them to provide an apparatus which they are advised may alleviate much suffering and help the Medical Staff in their investigation of malignant disease and the best method of treatment.

Captain E. Douglas Keay has very kindly offered the sum of £100 per annum for three years towards the maintenance cost and the Birmingham Branch of the British Empire Cancer Campaign Committee has made a similar grant for the same purpose. The Board is much indebted to these two donors and thanks them on behalf of the unfortunate patients whom they seek to help.

FINANCIAL POSITION.

As will be seen from the accounts there is again a decided improvement in the financial position. Ordinary expenditure has been met out of ordinary income and it has been possible to make some provision for future anticipated expenditure in a number of important directions, *e.g.*, towards annual maintenance of the deep X-rays therapy department referred to elsewhere, overdue improvements of the Dispensary and other parts of the Hospital.

This improved condition is due to a substantial extent to a general decrease in expenditure but also to the receipt of considerable legacies and of instalments which have been paid in accordance with promises made when the "Joint Appeal" was launched some two years ago.

For some years past it has been necessary to suspend the Law of the Hospital which requires at least one half of legacies received to be invested and it is satisfactory to record that during the past year it has been possible to observe this regulation and to make a modest start towards building up the reserves of the Hospital which have been so seriously depleted of recent years.

It may be mentioned that a system of budgetary control has been instituted and has proved of great value in controlling expenditure during the past year. This will be continued and it is a very satisfactory feature that the improvement in the financial position which has been effected has involved no impairment of the activities or loss of efficiency of the Hospital.

COAT OF ARMS.

Through the generosity of the ex-President, Sir John Sumner, F.S.A., the Board was able to make application for a grant of Arms to the Hospital. The necessary consent having been obtained, arms have been granted founded on those of Dr. John Ash, Sir John C. Holder, Bt., Sir John Jaffray, Bt. and Sir John Sumner.

RESIDENT MEDICAL STAFF.

Mr. Fauset Welsh has completed his three years as Resident Surgical Officer and has been succeeded by Mr. Frank Forty, M.B., B.S. (Lond.), F.R.C.S. (Eng.)

Dr A. Brian Taylor has resigned the position of Resident Medical Officer and has been succeeded by Dr. G. S. Hall.

The Board thanks both Mr. Welsh and Dr. Taylor for exceptionally valuable services to the Hospital.

UNIVERSITY STUDENTS' CARNIVAL.

The University Students' Carnival realized £3,580 in 1933. The Board very much regret the suggested discontinuance of this Carnival, for not only was the annual grant of much value, but the close connection of the Students with the work of the Hospital was a pleasing annual event and highly appreciated. It is hoped that it may be found possible to continue the Carnival even if in a modified form.

RETIREMENT OF MR. T. W. PECK.

Mr. Peck retired from the position of Chief Dispenser on September 30th last and presentations were made to him on behalf of the Board and the Consulting and Visiting Staff and an illuminated address was handed to him expressing appreciation of his thirty-six years' loyal service to the Hospital.

Mr. T. H. Wilson, Ph.C. has been appointed to succeed Mr. Peck.

SAMARITAN COMMITTEE AND LINEN LEAGUE.

The Board once more tenders its grateful thanks to the Members of the Samaritan Committee for the valuable work they have done during the year and also to the Members of the Linen League for the large number of garments again made for the patients. Both these activities are of the utmost importance and give assistance to the patients which would not otherwise be provided.

CONTRIBUTORY ASSOCIATION AND HOSPITAL SATURDAY FUND.

The grants made by the Contributory Association are based upon the actual cost per bed as shown in the Comparative Table on page 32. Owing to the substantial decrease in the cost per bed during the past two years the total claim upon the Association has been automatically reduced by £5,900.

A net increase of £2,717 from the Contributory Association indicates another advance in the proportion of the cost of maintenance borne by Contributors; and this tendency for the proportion to increase year by year gives much satisfaction to the Board.

The continued and outstanding success of the Scheme is largely due to the enthusiasm and efficiency of the Hospital Saturday Fund Committee. The Board again offers its sincere thanks to the Committees of both Sections.

The highly efficient ambulance service, instituted by the Association and in which its Chairman, Colonel B. J. T. Ford, has taken such a personal interest, is a very great help in the organization of this Hospital and is much appreciated by both Staff and patients. Colonel Ford and his Committee have been able, in a very short time, to provide Voluntary Hospitals with a much needed service, and has thereby solved a problem which has long been an anxiety to the Board. The concentration of the ambulances under one control is undoubtedly more efficient and economical than an endeavour by individual Hospitals to continue their own.

HOSPITAL SUNDAY FUND.

In recent years the collection of the Hospital Sunday Fund has shown a tendency to decrease, but owing to a special effort on the part of the Committee there is a definite improvement in 1933; and this Hospital has received £1,467 as against £1,383 last year.

On behalf of the Board of Management,

H. AUSTIN.
Chairman.

2nd February, 1934.

ANNUAL REPORT OF NURSING AND MASSAGE SCHOOLS, 1933.

Four courses of instruction have been held in the Preliminary Training School during the year 1933 and fifty-six probationers have entered the Hospital.

The payment, by the students of a fee of £5 5s. 0d. has been instituted which will allow for the provision of teaching equipment, better facilities for study and an extension of the educational programme of the student nurses as the need arises.

Forty nurses having satisfactorily completed the course are eligible to receive the Hospital Certificate, a new design for which, embodying the new coat of arms, is in course of preparation.

The Gold Medalist for the year 1933 is Miss Olive Bason, and the recipients of the George Heaton Awards are Sister L. M. Stokes and Nurse A. M. Wooton. Prizes for second and first year nurses have been gained by Miss S. Griffiths and Miss A. M. Girdlestone respectively.

Four members of the senior staff were released to attend a post graduate course of study at the College of Nursing; three were granted leave of absence for special training in connection with the Territorial Army Nursing Service and a special week-end course of lectures and discussions for Industrial Nurses, organized by the Birmingham Branch of the College of Nursing, was held at the Hospital in November.

Arrangements are being made to establish a course of study to cover the requirements of the Society of Radiographers which will enable members of the staff to qualify for a recognized Diploma.

Since June a reorganization of routine nursing duties has made it possible to reduce the hours of work for the night staff and to avoid waking the patients until 6 a.m.

During the year, the Nursing Staff have opened an account to provide for any special needs of the hospital and training school. The fund has been raised mainly by means of a Jumble Sale, dances and entertainments and augmented to the extent of £196 11s. 6d. by the proceeds of a Garden Fete held at the Jaffray Hospital in August. Up to date, the fund has provided six heated trolleys for the conveyance of patients' food from the kitchen to the wards, for much needed renovations in the Nurses' Home and for a thermo-container for the night nurses' midnight meal at the Jaffray Hospital.

The nursing staff wish to express their gratitude to Sir Herbert Austin for his generous gift of a hot-lock for use in the Nurses' Dining Room.

The Birmingham General Hospital Unit of the College of Nursing Student Nurses' Association has not only held a number of meetings, debates and social functions, but has been responsible for the management of the Nurses' Fiction Library and a very successful tuck shop. Two representatives were sent to London to attend a meeting at the College of Nursing and the Unit played a leading part in the Student Nurses' Rally held at the Children's Hospital in November, attended by student nurses representing seventeen different hospitals.

Although several prizes were won at the Inter-Hospitals' swimming Gala, both the Tennis and Diving Cups have this year passed from the General Hospital.

Members of the Nursing Staff desire to place on record their deep appreciation of the Committee's action in installing the new system of ventilation which has so greatly added to their comfort in the Home.

During the Easter vacation, International students taking the course in Hospital Administration at Bedford College for Women (University of London), visited the hospital to gain an insight into the organization of the Training School and the management of the various departments, and facilities for post graduate nursing experience have been extended to two nurses from Vienna and two from Reykjavik (Iceland).

Arrangements to enable members of the Voluntary Aid Detachments of St. John's Ambulance Brigade and the British Red Cross Society to obtain practical nursing experience have been greatly extended and it is satisfactory to record that good use has been made of the opportunities afforded, the members attending regularly and giving excellent service to the hospital.

The number of new entrants to the Massage School has been still further reduced—one course only being arranged for the year. Four students were successful in the Conjoint, five in the Medical Electricity and five in the Light Therapy Examinations of the Chartered Society of Massage and Medical Gymnastics .

The Death of Miss D. Dudley after eight years' service on the Staff of the Massage Department is recorded with deep regret.

G. M. BOWES,
Matron.

ALMONER'S REPORT, 1933.

The Women's Wards have been regularly visited during the past year by members of the Samaritan Committee, and this work has been done in conjunction with the Almoner, whose report is given below.

The Almoner's Department is responsible for after care of patients leaving the Hospital and has to have available information as to the finding of suitable Convalescent Homes, Institutions for chronic cases, Training Centres for cripples, etc., etc.

For arranging for supply of suitable and sufficient food and any extra help needed for the patients when they return home. Also for any help needed by the patients while they are in the Wards, such as arranging for the care of children in the mother's absence, giving advice when required on other family problems that may, by causing anxiety, interfere with the progress of the patient's recovery, etc., etc.

For provision of surgical instruments and appliances, both for In and Out patients.

For seeing all Casualty and Out patients referred to the Department by the Medical Staff as needing any extra help or skilled advice.

Lists and figures are dull things and give no real idea of work dealing with human beings, but the lists given below tell something of the patients dealt with during the year:—

Seen in O.P.D. and entered on daily sheets	704
Sent to Convalescent Homes	465
Children boarded in the country	7
Sent to Babies' Homes	14
Sent to Nursing Homes	14
Helped with Instruments	216
Sent to Droitwich	26
Helped to get dentures	24
Helped with milk and groceries	23
Helped to get special diet	4
General help	57

Help has been obtained from the following sources. To all of these our grateful thanks are due:—

	£
Hospital Saturday Fund & Hospitals Contributory Assoc.	175
Approved Societies	110
United Services Fund	39
Citizens' Society	32
L.M.S. & G.W.R. Funds	12
Collieries Fund	6
Insurance Committee	42
Stratford-on-Avon Hospital Fund	2
14 other Societies and Institutions	33

In 25% of the cases helped the patients or their friends paid the whole or part of the cost.

The Hospital Samaritan Fund helped in 162 cases.

In connection with these sources of help it should be pointed out that the size of the Samaritan Fund does not represent its real value. It cannot be depended upon for any large grants, and outside help has to be obtained whenever possible. Its value, however, is great in providing that balance which makes it possible to give immediate help, or to venture on schemes of assistance, where otherwise nothing could be done until definite help from outside had been received.

The Samaritan Guild raised £66 14s. 11d. during the year. Members meet monthly, and would welcome any one who would like to help in the Social Work of the Hospital.

The grateful thanks of the Samaritan Committee are extended to the Directors of the Aston Villa Football Club for their generous donation of £30 10s 0d.

The Ladies of the Hospital's Linen League have granted £10 from their funds to those of the Samaritan Committee, for which help the warmest thanks of the Committee are given.

Help in Home-visiting is given regularly by Students from the Settlement and from Woodbrooke; the Auxiliary Group of the Student Christian Union, and others.

It is hoped that a system of handicrafts may be organized shortly among the Hospital patients who are in the wards for a prolonged period.

G. P. HUMPIDGE,
Lady Almoner.

REPORT OF GENERAL AND JAFFRAY HOSPITALS LINEN LEAGUE.

1932-1933.

The Committee have much pleasure in reporting a most satisfactory year's work during which a record number of 1,267 garments were sent to the Hospitals.

The numerous Working Parties rendered, as usual, excellent service.

A gift from Miss Melvin of 400 garments was very much appreciated.

The Committee welcomed a new Working Party organized by Mrs. Archer of Carr's Lane, and another of quite small children, who have been working under Miss Gibbard for the Children's Ward.

Mending Parties were very successfully organized by the President, Mrs. Percival Mills, who arranged for groups of helpers to undertake systematically the mending of linen for the various Wards.

Very welcome financial help was given by the Shirley and by the Boldmere Working Parties.

The President of the Linen League, Mrs. Percival Mills, for whose help during the year the Committee are most grateful, has resigned, becoming Vice-President, and Mrs. Seymour Barling has been elected for the coming year.

E. M. PARSONS.

JAFFRAY BRANCH HOSPITAL.

FORTY-EIGHTH ANNUAL REPORT.

The Committee have pleasure in presenting their Report for the year 1933.

Early in the year it was decided to recommend to the Board of Management that Mrs. A. Cay, daughter of the Founder of the Jaffray Hospital, be elected the first President of that Hospital. Accordingly at the Annual General Meeting of Governors in March she was elected.

Mrs. Cay has ever shown warm interest in the Jaffray Hospital and it would appear most fitting that she should be elected its first President in the Jubilee year of the Hospital's foundation.

On August 19th Mrs. Cay opened a Garden Fete in the grounds of the Hospital organized by the Nursing Staffs of the General and Jaffray Hospitals. Mrs. Cay was accompanied by Sir William Jaffray, Bt., Sir Gilbert Barling, Bt., and other distinguished friends of the Hospital. The Fete was a huge success and resulted in a net profit of £200.

The proceeds are being spent in providing electrically heated trolleys for conveying patients' food from the main Kitchen to the Wards.

Income from all sources (apart from grants from the Contributory Association) was £1,786 6s. 3d. The expenditure was £5,080 11s. 10d. leaving £3,294 5s. 7d., as usual, to be charged to the funds of the General Hospital.

A recent enquiry into the class of work now being done by the Hospital revealed the fact that much more acute illness is being dealt with than formerly. Patients have been transferred earlier after operation than hitherto when they still require such treatment as only a general hospital is able to afford. This naturally throws a greater responsibility on the Staff of the Branch Hospital, but all appear to have met it most willingly and the greater amount of work appears to have inspired a keener interest with the Staff.

467 patients were treated, two more than last year.

The average number of beds occupied daily was 58, the total number of beds being 63.

Eleven beds in the Hospital have been dedicated at a cost of £1,250 each; the Committee commend this as a suitable means of perpetuating the memory of relatives or friends whilst it affords valuable permanent support to the funds of the Hospital. Each bed bears a tablet recording the dedication, as follows:—

W. B. Cregoe-Colmore, Esq.

Children of the late Roger Hollingsworth, in memory of their father.

Mrs. J. C. Woodhill, in memory of her husband.

Licensed Victuallers and Brewers of Birmingham and District.

"In Loving Memory" per Sir John Jaffray.

Mrs. Adcock, in memory of her husband and brother.

Mrs. Ryland, of Barford Hill.

Mrs. Elizabeth Reay, Two beds.

Mr. James Hinks, in memory of Mrs. Hinks.

To the memory of the late Edwin Samson Moore, J.P.

Two years ago the Dunlop Hospital and Benevolent Fund very kindly loaned the sum of £450 for the purpose of installing a Central Heating System, the arrangement being that the Hospital would repay the sum at the rate of £75 per half year; £225 was repaid and the Committee were deeply grateful to receive an intimation that the balance would be given to the Hospital as a donation. A suitable acknowledgment of this gift was sent, but the Committee would also like to place on record its grateful appreciation of this handsome contribution.

During the year the three Sisters' bed rooms have been converted into bed sitting rooms. This has released a side ward hitherto used as a Sisters' sitting room and accommodation for two additional beds is thereby afforded.

It was found necessary for financial reasons to curtail the amount of painting the Committee considered desirable. It was, therefore, decided to paint one ward which was due to be done and to concentrate on the Nurses' quarters for the remainder. These have now been made brighter and healthier for the Staff to live in.

The Committee are indebted to Mrs. Cay for improving the furnishing of the Nurses' sitting room by providing new coverings and a bookcase; these gifts are much appreciated and add greatly to the comfort of the Nursing Staff.

Wider doors have been provided to all three side wards making it possible for beds to be wheeled in and out without dismantling as hitherto.

The main drive to the Hospital and the side walks have been repaired by Tar Spraying and rolling. The Committee are especially grateful to Mr. T. H. Shipley, one of their members, for his valuable help in connection with this improvement.

An intimation has been received from the Probate Registry that the late G. D. Swiffen has bequeathed £1,000 to the Jaffray Hospital.

LAUNDRY

The Laundry, under the very able management of Mr. P. Crocker with the loyal assistance of Mrs. Cook, continues working to the satisfaction of the Committee.

A Glad Iron has been installed during the year; the machine is extremely satisfactory and has already proved that its purchase was a sound investment.

The Committee continues to keep a watchful eye on the Laundry and a careful examination is made of monthly returns prepared by Mr. Read, the Accountant. They are pleased to be able to report that the re-organization mentioned in the last Annual Report has proved eminently satisfactory and that the change was fully justified. The cost of washing per 1,000 articles was £3 6s 2d. This figure includes Administration and Office Expenses, transport, and depreciation of van, plant and machinery. No previous costs are available to compare with this figure.

JOHN LEVICK,

Chairman of the Jaffray Hospital.

SIR HERBERT AUSTIN,

Chairman of the General Hospital.
